

WALLER & ASSOCIATES
WAREHOUSING & DISTRIBUTION CONSULTING

Warehousing & Distribution Consulting

**EXPECT MORE FROM
YOUR SUPPLY CHAIN**

Global Competition. Customer Demands. Cost Control.

In today's business environment where pressure on margins are great, supply chain effectiveness plays a crucial role in a company's profitability and customer satisfaction.

The professionals at Waller & Associates have concentrated exclusively on helping companies streamline their distribution operations to achieve lower costs, higher profits and happier customers.

Our Services Focus On:

- ⇒ Maximizing profit through reduced operational costs
- ⇒ Increasing quality
- ⇒ Improving service, delivery and throughput

How Can We Help You?

We specialize in delivering management consulting across the distribution spectrum, from single distribution center businesses to complex multi-national operations. We assist our clients in achieving world-class customer service and a lowest-cost operating position within their warehousing, distribution and supply chain operations.

Our management consultants bring extensive experience across a multitude of industries including retail, consumer and industrial products, grocery, apparel, government, health care, manufacturing, e-commerce, and heavy industries. We are uniquely positioned to provide solutions for your warehousing and distribution operational needs.

With offices in:

**ATLANTA, GEORGIA
TAMPA, FLORIDA
SACRAMENTO, CALIFORNIA
CALGARY, CANADA
HAMILTON, BERMUDA**

STRATEGY. OPERATIONS. TECHNOLOGY.

Improve Distribution and Transportation

Take your distribution operations to the next level.

We offer services to improve every aspect of your

warehousing operations. Some examples of our services include:

- ⇒ Distribution center design of new and existing facilities
- ⇒ Operational process improvement
- ⇒ Work measurement
- ⇒ Inventory management
- ⇒ Labor management productivity analysis and reporting
- ⇒ Benchmarking warehouse productivity and costs
- ⇒ Material handling equipment and automation analysis

Improve 3PL Operations

Are you thinking about transitioning your warehouse and/or transportation operations to a 3PL provider? Do you need help evaluating the cost and service level performance of existing 3PL providers?

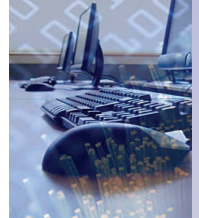

The experts at Waller & Associates can assist you in developing the most cost effective value proposition. We will identify your service and business requirements and tailor a solution that meets your financial, operational, and customer service objectives.

Improve Supply Chain IT

In today's distribution

arena it is essential to have technology in place to

compete. We offer complete evaluation, implementation, and project management support for today's WMS, TMS, and LMS supply chain solutions. In addition, we offer complete IT network services.

STRATEGY. OPERATIONS. TECHNOLOGY.
