

Waller & Associates Announces Promotion of Douglas Cantriel to Managing Director, Government & Global Services

March 12, 2010

Atlanta, GA – Waller & Associates, LLC today announced the promotion of Douglas Cantriel to the role of Managing Director, Government & Global Services. He is responsible for leading the organization in building and enhancing collaborative marketing, supply chain, and logistics initiatives with our government contract customers and global partners.

Douglas joined Waller & Associates in 2009 as an Executive Consultant and has contributed significantly to the growth and success of the company. He has played a key role in building the government contract business as well as establishing global partner relationships. His focused planning, initiative, and customer engagement have been instrumental in the growth of Waller & Associates and the successful management of government engagements.

Douglas has earned a B.S. in Business Management, an M.B.A. in International Business, and he is currently pursuing a Ph. D. in International Business.

About Waller & Associates, LLC

Waller & Associates, LLC is a privately owned supply chain consulting firm. For over 20 years, the professionals at Waller & Associates have concentrated exclusively on helping companies streamline their warehousing and distribution operations to achieve lower costs, higher profits and happier customers. Our team delivers real world solutions and knowledge—gained from many years of hands-on, practical, operations experience working with today's innovators in supply chain management.
